The rM200 Camera System combines portability with the versatility of the D2 drum series, offering different combinations of push cable stiffness and spring flexibility to tackle any inspection job.

**Interchangeability**
- The D2 drum series currently consists of the D2A and D2B drums
- The rM200 comes with your choice of drum
  - Either drum can be purchased separately
  - Own them both; quickly and easily interchanged giving you on-the-job flexibility

**Pushability**
- Drums feature different push cable lengths, diameters, stiffness and springs
- Chose the drum that enables you to easily negotiate turns and tees – there's a drum that's right for you!

**Portability**
- Easy to transport; via its wheels or carry handle
- Dock the CS6 or CS65 digital monitor for convenient transport, operation and storage
