# DRAIN CLEANING EQUIPMENT

For over 75 years, the RIDGID® family of drain cleaning products has been the world leader in drain maintenance technology. Armed with speed, cutting ability, and torque, RIDGID has the right machine for every job.

## SINK MACHINES

Lightweight and easy to use, RIDGID sink machines are designed to clear blockages in small lines and hard-to-reach places like sinks, tubs and showers.

- Cuts through soap, hair, grease, and other buildup
- For ¾" to 2½" drain lines

**K-40AF SINK CLEANING MACHINE #71722**

**K-45AF SINK CLEANING MACHINE #35743**

## SECTIONAL MACHINES

Sectional machines from RIDGID offer a unique combination of power, versatility and speed to drill through obstructions quickly, yet are portable and easy to take to the job site.

- Cuts through soap, hair, grease
- For sink lines to main lines ¾" to 10"

**K-50-8 SECTIONAL MACHINE KIT #59000**

## HAND MACHINES

RIDGID toilet augers are made of rugged cable that easily clears obstructions in toilets and drain lines, and feature a vinyl guard to protect porcelain.

- Durable, kink-resistant cable in 3' and 6' lengths

**K-6 TOILET AUGER #59797**

## DRUM MACHINES

RIDGID drum machines deliver high torque through cables and cutters to muscle through blockages and clear virtually any obstruction.

- Cuts through roots and other hard obstructions, as well as soft blockages like grease, food buildup, soap and sediment
- For sink lines to main lines ¾" to 10"

**K-400 DRUM MACHINE #26993**

## WRENCHES

The flagship product that helped build our name, RIDGID® wrenches have been trusted by tradesmen for decades. Simple, time-tested designs offer exactly what you need to get the job done quickly and effectively. Available in various configurations for gripping and turning a wide range of pipe and fitting types.

### STRAIGHT PIPE 12" #31015

Made of heavy duty cast iron with a pipe capacity up to 2".

### STRAIGHT ALUMINUM 12" #47057

Made of durable, easy to use professional strength aluminum with a pipe capacity up to 2".

### ONE STOP #27023

Two wrenches in one to install angle stops and compression couplings.

### FAUCET & SINK INSTALLER #66807

Made from lightweight, high-strength plastic construction with durable aluminum inserts.

## PIPE VISES & SUPPORTS

Made of strong, dependable iron, RIDGID vises and supports are versatile and rugged enough to withstand your jobsite needs year after year. Available in various sizes for handling a variety of pipe sizes and types.

### VF-99 PIPE STAND

#22168  
Folding design makes it easy to transport, supports up to 2,500 lbs.

### 425 PORTABLE TRISTAND® CHAIN VISE #16703

Supports pipe 1/8" to 2 1/2" diameter.

## PIPE/TUBE CUTTING & PREPARATION TOOLS

Choose from a huge selection of pipe cutting tools that offer exclusive features designed to make cutting more efficient and your job easier. All cutters are made from heavy-duty materials to withstand any job and be dependable for years to come.

### 2-IN-1 CLOSE QUARTERS CUTTER #32573

Features a removable ratchet handle, designed for use in restricted spaces on small diameter hard and soft copper, aluminum, brass and plastic tubing.

- Easy control of cutting pressure for clean cuts

### QUICK-ACTING TUBING CUTTER #31632

Quick-acting design, hardened wear surfaces and thrust-bearing slide assemblies for smooth operation.

- Professional strength aluminum with a pipe capacity up to 1 5/8"

## PRESS TOOLS

A fast and reliable way to join copper, stainless steel and PEX, RIDGID press tools feature a swiveling barrel and a powerful 18V Lithium-Ion battery.

### RP 210-B #31028

- Capacity: 1/2" to 1 1/4" (copper & stainless), 3/8" to 1 1/2" (PEX)
- Hydraulic Ram Output: 5,400 lbs. (24kN)
- Weight: 6.4 lbs. w/battery

### RP 330-B #27923

- Capacity: 1/2" to 4"
- Hydraulic Ram Output: 7,200 lbs. (32kN)
- Weight: 10.0 lbs. w/battery

# INSPECTION & DIAGNOSTIC TOOLS

The hardest problems to solve are the hardest ones to see. RIDGID® diagnostic inspection tools help you locate, diagnose, and solve problems quickly and accurately.

## SEESNAKE® NANOREEL INSPECTION CAMERA #40008

Designed for long run small diameter inspection jobs including boiler tubes, supply lines, sprinkler systems and more. Quickly inspect lines up to 85' long from 3/4" to 2" in diameter.

- Tight turn radius
- Lightweight and compact
- Compatible with multiple monitors

## SEESNAKE® MICROREEL INSPECTION CAMERA #35183

Quickly inspect lines up to 100' from 1/4" to 4" in diameter.

- Lightweight and compact
- Compatible with multiple monitors
- Durable construction

## SEESNAKE® CS10 DIGITAL RECORDING MONITOR #39328

Now it's easier than ever to record, capture and report jobsite findings. Transfer snapshots and video to a thumb drive with the push of a button.

- 12.1" LCD display
- USB thumb drive recording

## INSPECTION CAMERAS

RIDGID inspection cameras allow you to get the perfect view behind walls, in pumps, near leaks and around other hard-to-reach spaces. All feature a comfortable pistol grip, four bright LED camera heads and waterproof design.
