

## CS1000 Digital Recording Monitor

The CS1000 camera control unit is a purpose-built monitor that allows you to digitally record and report on your inspections in the field. With the CS1000, you have the flexibility you need to take full advantage of digital recording technology.

- **Report Writer** gives you the ability to generate and deliver a full report on-site with integrated inspection footage and descriptions.
- **12.1" Daylight Readable Display** allows you to easily monitor inspections in bright outdoor environments.
- **3 Modes of Recording** lets you take digital stills, full frame video and a compressed video format called Auto-log (for smaller video files).
- **Integrated Keyboard** used for taking notes and storing information about the inspection and customer.
- **Software Integrations** with SeeSnake HQ and RIDGIDConnect.com allow you to deliver your reports in a wide variety of ways from online video to DVD.
