- Interchangeable heads deliver 30°, 37½° and 45° bevels

Speed monitoring with LED indicators ensures optimal pace

Cutter head rated for most steel and stainless steel\*

Compact design offers easy transport

## TESTIMONIALS

### FASTER JOBS.

*"They can finish a truckload of 8-inch pipe in four hours where it used to take them 11 hours to do it."*

- **Mike Love**  
Operations Manager, Paulsen Pipe

### BIGGER PROFITS.

*"It saves the company a lot of money and the bottom line is money. It's already paid for itself several times over."*

- **John Crowley**  
Pipefitting Foreman, E.M. Duggan

### BETTER RESULTS.

*"You can attach it to the end of a 20-foot piece of pipe, you can put a perfect bevel on it with a perfect land every time."*

- **Michael Hallam**  
Welding Instructor, Vancouver Island University

\* Optimized for standard A53 mild steel pipe
