

# RIDGID 14 Gallon - 2-Stage Wet/Dry Vac

CERTIFIED  
**HEPA**  
FILTRATION

This RIDGID® 14 gallon 2-Stage Industrial Wet/Dry Vac has Certified HEPA Filtration and meets EPA's definition of a HEPA vacuum under RRP rule for lead paint renovations. It is designed to deliver the powerful high-lift suction, large capacity, rugged construction, and excellent mobility for Pro, Contractor, Industrial & Commercial use. The dual blower wheel is driven by the 11.5 amp motor to deliver the heavy-duty, high-lift suction needed to efficiently handle the toughest wet or dry worksite or shop clean-up tasks. Add certified HEPA filtration, top handle with a cord wrap, heavy duty 2-piece drum construction, an accessory storage bag, plus patented Scroll Noise Reduction® Technology for quiet operation and you've got the perfect wet/dry vacuum designed to exceed professional user's demands.

FEATURES	BENEFITS
• 11.5 Amp Motor	Drives two blower wheels to optimize suction and deliver industry leading performance.
• 2-Stage Motor /Blower Design	Creates powerful "high-lift" suction and more efficient air flow. Result – more suction power and quieter operation.
• 3 Layers of Filtration	Disposable high-efficiency filter bags collect larger debris. Then a washable fabric filter cover captures particles down to 0.5 microns. The certified HEPA filter then captures the smallest particulates down to 0.3 microns.
• Accessory Storage Bag	Keeps accessories organized and close by for easy access.
• 2-Piece Drum Construction	Rugged construction to meet the higher demands found at worksites.
• 14 Gallon Drum	Allows clean-up of large spills & messes at work-sites and busy shops.
• Sound Reduction Technology	Scroll Noise Reduction® is a patented feature that provides quiet operation by precisely controlling the flow of air through the vac.
• Professional Locking Hose	The hose won't pull loose during use, and is 4x more durable than our standard hose.
• Blowing capacity	Use to blow leaves from walkways or decks, and debris from job sites, tools, etc
• Large built-in drain	Drain located to lowest point of drum for emptying of water.
• Accessories Included	2 Extension Wands, 2-1/2" x 10' 4x Pro Locking Hose, Utility Nozzle, Wet Nozzle, 14" Floor Brush, Crevice Tool, Noise Muffler/Diffuser, Filter Bag, Cloth Pre-Filter, Certified HEPA filter, and for a limited time a "Beater Bar" turbo brush .

SPECIFICATIONS	
Drum Size	14 gal.
Motor	
- Water Draw	100"
- Voltage	120
- Amps	11.5
Cord Length	25'
Construction	High Impact Polypropylene
U.L. Listed	Yes
Filter Surface Area	1,900 sq. in.
Replacement Filters	
- Filter Bag	VF3502
- Cloth Pre Filter	HF0500
- Pre-Filter & HEPA	HF1000
Accessory Size	2-1/2"
Shipping Weight	36.9 lbs.
Net Weight	27 lbs.

**Meets EPA's definition of a HEPA vacuum under RRP rule for lead paint renovations.**

The certified HEPA filter is 99.97% efficient at filtering particulates down to 0.3 microns in size and is designed to meet the EPA's definition of a HEPA vacuum under the Lead Safety Renovation, Repair, and Painting Rule.

**3 Levels of Filtration**

Three levels of filtration makes your HEPA filter lasts longer and saves money. A disposable high-efficiency filter bags to collect larger debris, a washable fabric filter cover captures down to 0.5 micron particles, and the certified HEPA filter .

**MULTI-LEVEL FILTRATION MAKES HEPA FILTER LAST LONGER.**

1 DISPOSABLE HIGH-EFFICIENCY FILTER BAG 2 WASHABLE FABRIC FILTER COVER 3 HEPA FILTER

2-Stage- Our Most Powerful Vacs

Heavy Duty Accessories  
(Beater Bar for limited time only)
