RIDGID®

PH-60C
SWIV-L-PUNCH™
KNOCKOUT PUNCH HEAD

The Swiv-L-Punch Head, compatible with the exclusive RIDGID® QuickChange System™, delivers unparalleled efficiency to contractors and electricians.

BENEFITS
- Effortlessly punch up to 4" holes without burdensome ratcheting or pumping
- Compatible with knockout punch dies from RIDGID and other manufacturers
- Head can be rotated to virtually any orientation to access tight spaces
- Combine with other heads in the RIDGID QuickChange System to maximize efficiency and productivity on the job site

SPECIFICATIONS
- Capacity: Punches up to 4" holes in 12 gauge mild steel and 14 gauge stainless steel
- Interchangeable head is compatible with 6-ton RIDGID Electrical Tools featuring the RIDGID QuickChange System
- Punch head swivels 360° and rotates 360° in the RIDGID QuickChange System
- Approximate Punch Time: 5 seconds
- Weight: 4.6 lbs. (2.1 kg)
- Available as stand-alone head or in a RE 6 Tool Kit

ACCESSORIES
52278 Swiv-L-Punch Head Accessory Kit
- Includes 2 spacers, 2 draw bolts, and 1 thread adapter

## How the RIDGID® QuickChange System™ Works
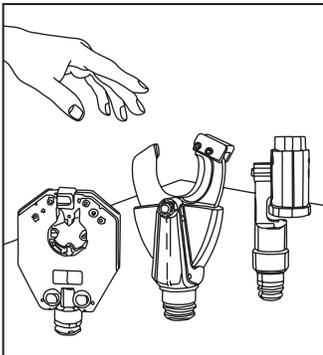

1. Select the appropriate interchangeable head for the job.
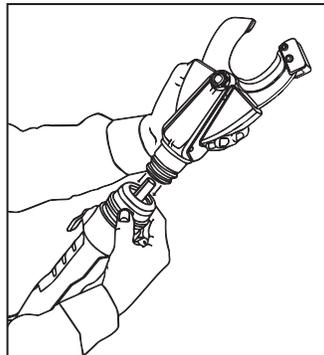

2. Pull back the collar and insert the head until you hear a click confirming the connection.
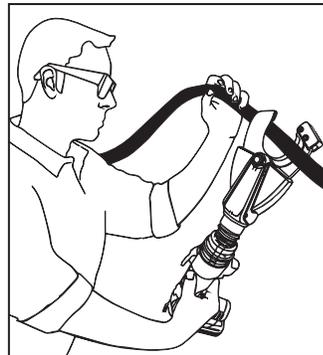

3. Complete the job–cut, crimp or punch.
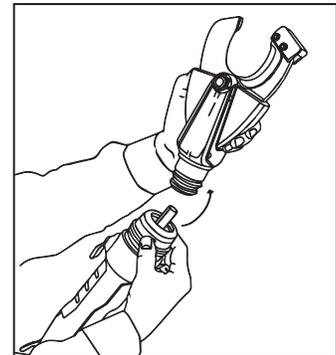

4. Remove the head by pulling the movable collar toward the base of the tool.
