## RE 60 ELECTRICAL TOOL

Introducing the World's Most Versatile Electrical Tool, Featuring the Innovative 3-in-1 RIDGID® QuickChange System.™

### SPECIFICATIONS

- 60kN hydraulic force output to cut copper cable up to 50mm O.D., crimp Cu/Alu lugs up to 300mm<sup>2</sup> and punch round holes up to 4" (116mm)
- Automatic ram retraction when cutting and crimping
- Rubber overmolded grips for superior comfort and control
- Bright white LED workspace illumination light
- On/Off button for disabling tool when changing heads or transporting
- Nylon straps for greater tool security
- Approximate Cycle Time: 5 seconds
- Service Interval: 32,000 cycles

### BENEFITS

- Cut wire, crimp lugs and punch boxes with just one tool via RIDGID's unique QuickChange System™
- Eliminates trips back and forth to the truck searching for different tools
- 3-in-1 tool saves valuable cargo space and comes in a single, easy-to-carry case
- In-line design for easy, onehanded operation even in tight spots
- 360° head rotation increases maneuverability
- Industry-leading service interval maximizes uptime on the job site

**Featuring the RIDGID QuickChange System™**

## How the RIDGID® QuickChange System™ Works

1. Select the appropriate interchangeable head for the job.

2. Pull back the collar. Insert the head until you hear a click confirming the connection.

3. Complete the job – cut, crimp or pinch.

4. Remove the head by pulling the collar toward the base of the tool.
