NEW

The RIDGID® SeeSnake® microReel™ APX™ is a very compact, highly portable diagnostic inspection camera in the SeeSnake family of inspection systems. Building on the success of the original microReel, the microReel APX offers enhanced viewing with its TruSense™ camera and auto image flip. The kickstand allows for ideal use with the CSx Via™, and offers enhanced stability and usability when positioned in the 45° angle.

▶ Auto image flip feature flips your on-screen image as the camera rotates through the pipe, ensuring you know which way is up

▶ Powered with TruSense™ Technology with HDR Image quality and TiltSense Inclinometer.

▶ Improved high efficiency LEDs deliver better in pipe visibility and higher color accuracy

▶ Mid-flex push cable and small 25 mm camera head for easily navigating turns and inspecting up to 30 m (100')

▶ Kickstand keeps the microReel steady while pushing and retrieving the cable and keeps your CSx Via™ protected.
