

SeeSnake® Digital Adaptor

Digital Recording Accessory for microEXPLORER™ Digital Inspection Camera

The Fastest, Easiest Way To Go Digital. With the RIDGID® microEXPLORER™ Digital Inspection Camera and the new SeeSnake® Digital Adaptor, you'll immediately add digital image and video recording capabilities along with a secondary playback screen to your existing drain inspection monitor. Or, use the microEXPLORER Camera separately for out-of-pipe applications. Don't miss the benefits of digital.

- **Digital Recording** has never been easier. Simply dock the SeeSnake Digital Adaptor onto your microEXPLORER Digital Inspection Camera and plug into your existing monitor and start recording.
- **Broad Compatibility** allows you to use the SeeSnake Digital Adaptor with any monitor that is video-out enabled.
- **Quick and Easy Operation** allows you to take digital images and video by just hitting the shutter button on the microEXPLORER Digital Inspection Camera
