

NEW

Dock in the **RIDGID® SeeSnake® CSx VIA** Wi-Fi control device to unlock a world of flexibility, convenience and camera operations with just your mobile screen. The CSx VIA is an additional, flexible, bring your-own-screen solution, providing a convenient means to stream, capture, and share superior inspection images using an iOS, Android, or Windows device.

The CSx VIA utilizes the free **HQx® Live** app to remotely control the camera functions and features, such as the distance counter and the sonde. CSx VIA is compatible with **TruSense®** Technology and enables the TruSense features in the app. Use the adjustable **HQx Dock** to secure a wide variety of devices for optimal inspection viewing at any job site.

ADDITIONAL FLEXIBILITY

- ▶ Convenience and flexibility that is interchangeable across multiple reels through the interconnect cable port
- ▶ Mount the **HQx Dock** onto any **RIDGID SeeSnake Compact Series** reel or use as a free-standing unit.

MULTI-REEL COMPATIBILITY

- ▶ The CSx VIA is compatible with all **RIDGID SeeSnake** reels, including the Standard and Mini reels when using the **RIDGID SeeSnake Standard & Mini CSx VIA Mount**

EFFORTLESS STREAMING OVER WI-FI

- ▶ Reliable connectivity between the CSx VIA and the mobile device for enhanced productivity with the **HQx Live App** or **HQ** software for Windows.

REPORTING ON-THE-GO

- ▶ Rapid communication by email, text or upload photos and videos to customers or colleagues in real time, directly from the job site.

CSx) VIA WI-FI CONTROL DEVICE

RIDGID®

The **SeeSnake CSx VIA** docks directly into the RIDGID® SeeSnake® microDrain™, microReel™, nanoReel™, Compact Series reels and rM200 Series reels. Converts any SeeSnake Standard or Mini camera reel to a Wi-Fi reel, when paired with the CSx VIA Wi-Fi control device and the **SeeSnake Standard & Mini CSx VIA Mount**.

The **SeeSnake® Standard & Mini CSx VIA™ Mount** converts any SeeSnake Standard or Mini camera reel to a Wi-Fi reel, when paired with the CSx VIA Wi-Fi control device. Once securely mounted to the steel frame, the CSx VIA locks in providing a flexible, bring-your-own-screen solution to stream, capture, and share superior inspection images. Attach your personal device holder* to the integrated 1" RAM® ball mount.

The **RIDGID® SeeSnake® HQx Dock** is designed to deliver a flexible, convenient way to mount your tablet when using the SeeSnake HQx Live app. Featuring a spring-loaded tablet holder, double ball and socket arm, and pivoting kickstand, the HQx Dock can hold most tablets and is adjustable for optimal viewing at the jobsite. Use as a freestanding unit or mount onto any RIDGID SeeSnake Compact Series reels for fast, easy setup.
