

FlexShaft™ Machines

Clears From 1¼" to 4" Drain Line

For a **FREE DEMONSTRATION***
contact your **RIDGID representative**
*Selected products only & subject to availability & location

NEW RIDGID FlexShaft machines are lightweight, compact and highly efficient machines that deliver wall-to-wall clean in 1¼" to 4" drain lines up to 70'. FlexShaft machines can also be operated while an inspection camera is in the line, letting you see while you clean. No other soft blockage expert can do that.

- **Wall-To-Wall Clean:** Chain knockers expand for full pipe cleaning
- **Simultaneous Camera Use:** FlexShaft machines let you keep your camera in-pipe while you work
- **Increase Productivity:** Faster setup and cleanup, quick cleaning, and cordless convenience for additional time savings
- **Customize Your Machine:** A full range of chain knockers and accessories are available

RIDGID® FlexShaft machines utilize specialized chain knockers attached to a flexible cable that are spun at high speeds by a cordless drill attached to the center drive shaft. Since the cable spins inside a durable nylon sheath that is housed within a fully contained drum, there is less jobsite mess.

SPECIFICATIONS

- Model K9-102 K9-204
- Drain Capacity (Nom.) 1 1/4" to 2" (32 – 50mm) 2" to 4" (50 – 100mm)
