& Workmanship

The new RIDGID AM2265 Mini Air Mover is designed to help Pros and DIYers with area drying, cooling and ventilation. Equipped with 600 CFM, this air mover's high-volume air circulation can be controlled by the 3-speed heavy-duty induction motor to deliver desired amount of air movement. The 2 built-in receptacles with overload protection for Daisy Chaining, ergonomic handle, and adjustable exhaust grille are included features that provide the powerful performance and rugged durability you have come to expect from RIDGID.

FEATURES	BENEFITS
• Heavy Duty Motor	1/5 HP, 2.1 Amp, 3-speed induction motor.
• 3 Operating Positions	Padded foot bumpers allow you to blow air at 0, 45, and 90° angles.
• High Volume Air Movement	3-speeds and 600 CFM deliver desired air movement for drying, cooling and ventilation.
• Adjustable Grille	Direct air to where it's needed with 30° of adjustability.
• Power Cord Wrap	Neatly stores 10 ft. power cord.
• Ergonomic Carry Handle	Ergonomic handle makes for easy lifting and carrying.
• New Lightweight Design	Lightweight, compact design for ultimate portability and transportation.
• Daisy Chaining	Includes 2 built-in receptacles with overload protection for Daisy Chaining up to 4 additional air movers to run on a single circuit (9 amps max).
