

RIDGID 14 Gallon - 2-Stage Industrial Wet/Dry Vac

This RIDGID® 14 gallon 2-Stage Industrial Wet/Dry Vac is designed to deliver the powerful high-lift suction, large capacity, rugged construction, and excellent mobility for Pro, Contractor, Industrial & Commercial use. The dual blower wheel is driven by the 11.5 amp motor to deliver the heavy-duty, high-lift suction needed to efficiently handle the toughest wet or dry worksite or shop clean-up tasks. Moving up & down steps or across rough terrain is a snap with the large diameter rear wheels. Add a 3-layer fine dust filter, top handle with a cord wrap, heavy duty 2-piece drum construction, an accessory storage bag, quick release handle plus patented Scroll Noise Reduction® Technology for quiet operation and you've got the perfect wet/dry vacuum designed to exceed professional and industrial user's demands.

| FEATURES | BENEFITS |
|--|--|
| • 11.5 Amp Motor | Drives two blower wheels to optimize suction and deliver industry leading performance. |
| • 2-Stage Motor | Creates powerful "high-lift" suction and more efficient air flow. Result – more suction power and quieter operation. |
| • Sturdy Cart, Push Handle & Large Rear Wheels | These features act together to allow the vac to travel easily up/down stairs and over rough terrain. Press two buttons to quickly remove handle & accessory storage bag. |
| • Accessory Storage Bag | Keeps accessories organized and close by for easy access. |
| • 2-Piece Drum Construction | Rugged construction to meet the higher demands found at worksites. |
| • 14 Gallon Drum | Allows clean-up of large spills & messes at work-sites and busy shops. |
| • Sound Reduction Technology | Scroll Noise Reduction® is a patented feature that provides quiet operation by precisely controlling the flow of air through the vac. |
| • Professional Locking Hose | The hose won't pull loose during use, and is 4x more durable than our standard hose. |
| • Blowing capacity | Use to blow leaves from walkways or decks, and debris from job sites, tools, etc |
| • Large built-in drain | Drain located to lowest point of drum for emptying of water. |
| • Accessories Included | 2 Extension Wands, 2-1/2" x 10' 4x Pro Locking Hose, Utility Nozzle, Wet Nozzle, Foor Brush, Crevice Tool, Noise Muffler/Diffuser, and Fine Dust Filter. |
