*Selected products only & subject to availability & location

The RIDGID® K-46 Cordless SinkSnake™ clears tough blockages in 3/4" to 3" lines such as sinks, tubs, showers, and urinals. Powered by the RIDGID 18V Advanced Lithium Battery Platform, it provides cordless freedom for professional daily use. Designed with ergonomics and versatility at its core, the K-46 features an integrated, multi-position kickstand for support, a 360-degree rotatable AUTOFEED® that advances and retrieves the cable in forward and reverse rotations, an enclosed rotating drum, and compatibility with different cable sizes and cable tools for unmatched convenience.

- **Ergonomic** – Integrated, multi-position kickstand alleviates the weight of the tool in common work environments, such as under cramped sinks and in tubs for improved comfort to reduce user fatigue
- **Versatility** – Equipped with the 5/16" x 25' Inner Core Cable but compatible with 1/4" & 3/8" cable diameters up to 50 ft in length, as well as multiple cable tools such as dropheads, spades and c-cutter augers
- **Power** – Features a Brushless DC motor that clears tough blockages in 3/4" to 3" lines such as sinks, tubs, showers and urinals
- **AUTOFEED®** – 360-degree rotatable AUTOFEED® advances and retrieves the cable in forward and reverse cable rotations for improved pipe navigation such as tight bends and p-traps
- **Design** – Fully enclosed rotating drum protects plumbing fixtures from accidental damage
- **Precision** – Cable Lock feature improves handling when manually working the blockage
- **Optimal Visibility** – Top-mounted LED light illuminates dark work areas such as underneath sink vanities
